December Program

Multi Thread Warping

Ever wondered how you could decrease the time you spend measuring your warp? How about measuring more than one thread at a time? This month Deb Lane and Weldon “WW” Walker will demonstrate two methods of multi thread warping. Weldon will utilize a spool rack and a warping board, a technique he learned while attending the John C. Campbell School. Deb will measure warp using a warping wheel and show how this warp is then placed directly onto the loom. If you have not seen these pieces of equipment utilized this is your chance to see if they are worth the effort to add to your equipment at home. We look forward to seeing you there.

December Stash Sale

Or

“Let’s see if someone wants the fiber I don’t know what to do with” sale

The annual stash sale will be held at the December 11 Guild meeting during the breaks. We ask all of the members to go through their stashes and get their spring cleaning done early. Any fiber, yarn, books, magazines, equipment or odds and ends are welcome. All books and printed materials will be separated for the May book sale which will benefit the library. The proceeds of the Stash Sale will benefit the Guild Operating funds. Any items (except books) brought for the stash sale *must* be priced by the individual donating them before they arrive at the meeting. We also ask that you mark the items you are donating with your name. Any items not sold will be returned to the individual and should be picked up before leaving the meeting. So clean off your shelves, look through the trunks and dig in those closets to support the guild. We look forward to seeing all the great items that are brought in.

As a side note: If you have gently used books of a non-fiber nature please bring them to Ellen and Weldon. We are haunting the used book stores in town to obtain books for the May Book sale and will use any books you want to get rid of to trade for them. This is a great way to recycle books you have already enjoyed and help us build up the inventory for the book sale. Thanks!!

December Pot-Luck Luncheon

Hey everyone. It is that wonderful time of the year again. That time to enjoy good food, good friends and good conversation at the PPWG Christmas pot luck!! As we do every year after the December program we will gather to enjoy our favorite recipes. Please bring a dish of your choice be it appetizer, salad, entree, or dessert to be shared. If your dish requires a serving utensil please bring one to be used. To save time for the clean-up crew, each person should also bring their own silverware and plate. We look forward to seeing you all there.

Major Workshop

Silk Spinning With Celia Quinn

Immerse yourself in luxurious silk, as we spin many forms of the fiber from smooth and lustrous top, and the exotic blends with other fibers, to the extremely long caps and hankies, as well as the textured carded silks, and the shortest form, silk noil. Expand cocoons to make squares of silk called Mawata, traditionally used for batting in Japan. Dye silk caps and hankies for different color effects. Experience the wonder of reeling a sheer thread from cocoons. Lectures include fiber properties, sericulture, care of silk, and spider silk.

Celia has taught workshops extensively across the U.S. since 1983. She knits, weaves and crochets, with an emphasis on garments and household textiles. She has spun everything from rope to sub-sewing thread, and still holds Spin-Off Magazine's fine spinning record for cotton, at approximately 83,000 yards per pound. Her thoughts on spinning can be found in many back issues of Spin-Off. She calls Alaska home.

We will begin our exploration into silk spinning with Celia Quinn at Table Rock Llamas where we will jump into dyeing silk caps and hankies (spinning this day too). The next two days will find spinning us at the beautiful Penrose House nested at the base of Cheyenne Mountain.

The workshop is scheduled for March 30, 31, and April 1, 2010. The estimated cost for the workshop is \$175 plus \$30-materials fee. We are limited to 20 people in this workshop and a \$60 deposit will hold your spot. This workshop is now open to guilds outside of PPWG. If you know of anyone that would be interested, please let him or her know. Please contact Heidi Bates (babyweave@msn.com) or 719-392-4522.

December Dyeing Sample by Deb Greer

Fiber: pure natural rust alpaca roving purchased from The Indigo Thread, Ft. Collins CO.

Spun on my Ashford Traveler single treadle wheel.

Yardages calculated using a McMorran Yarn Balance.

Singles slightly overspun at about 30 wraps per inch (1,125 yards/lb) inchworm "draw" using the largest whorl I have (fits the Jumbo flier). Washed and set the twist under tension.

Navajo Plyed at 10 wraps per inch, and approx. 375 yards per pound, using the smaller Ashford whorl, largest diameter. Wet the 3 ply and hung to dry under only slight tension.

This made a very round lofty yarn which retained its softness. I purposely overspun the singles to counteract the un-spinning that happens when plying, then overspun the Navajo ply to give this yarn a little bit of SPROING.

May Program Notes by Ellen Alderson

Do you have some duplicate books, magazines or videos about fiber, weaving, spinning or even general art instruction? Have you gleaned all the information and knowledge from some of the volumes in your personal library? Are you interested in sharing or passing along some great resource materials or just doing some cleaning out of extra media materials? Have we got a terrific opportunity for you!

In May we will have a "media" sale to benefit our guild library and our scholarship fund. Any and all printed or taped materials will be gratefully accepted. We can even use the odd novel or cookbook! We plan to take these "non-fiber" materials to the used bookstores who can give us credit to purchase fiber books!

Bring donation to any future meeting for WW or Ellen Alderson. We will store and price them for resale in May. Please put a 3 x 5 card or slip of paper with your books with your name and contact information so we know our donors. Let us know if you would like a receipt for your tax deductible donation!

If you have suggestions about your donated books which would help future owners, please include a few lines to share with potential purchasers. Is there a really helpful tip about warping or designing in Chapter 5? Does your book have a lovely gallery of ideas on page 56? Is there an indispensable glossary of tips and shortcuts that a weaver would really value?

We have already received some great materials: a set of videos about the elements of art and design, dozens of Fiber Arts magazine being withdrawn from our guild library and some fun older books on hooked and braided rugs and textile design.

WW and I also hope to encourage some of our fiber businesses to donate a new volume or magazine to the sale. So clean out your libraries and benefit our guild and each other.

Debra Greer reported that the Rockledge wool from summer 2009 is for sale today during break. The wool is in weighed dye lots for \$2.00 per oz. Packages of Kiton Dyes donated last month priced at 50 cents per bag. Proceeds to the Demo Fund. Emily Jones gave the Treasurer's report. Linda Shaffer will fill in for Dottie today introducing new members. Linda will make an announcement reminding members of the no food and drink policy in the classroom. She will also ask members to help clean up and put away before the program so that we can all be out of the building earlier. Doreen asked Jane Rock Costanza if we need an easier password than the current for online newsletter access. Apparently the current one has been problematic for a few members. The password will be changed to something easier to type. There was an issue with one ad last month but it was worked out. Doreen said that she has had good feedback from the new ½ page ad with changeable lists for classes. Jane reported that the spring workshop info is now on the website. And the map on the site was changed to make the meeting location easier to find. Heidi Bates sent a report that there are 5 spaces left in the Celia Quinn Workshop. It would be good marketing to talk these last spots up to area spinning groups.

Debra Scott reported a donation some back issues of Shuttle, Spindle and Dyepot magazine and asked if we can put the FiberArts magazines up for sale, such as in the book sale. It was decided to put the old FiberArts issues into the book sale. Doreen donated several books to the sale. Emily asked for guidance on the HGA renewal: should we renew for one year? It was decided that renewal should be for one year, unless there is a special price break on multiple years. Debra reminded us that the library raffle tickets are for sale; contact Emily for tickets. The Yearbooks are available for pickup. Cozy Swickard is working on the last bit of cleanup with annual advertising. Barb Byerly said that Beth Garrison's husband is very ill. Barb will lead the Pioneer museum demo. Deb Lane reported that her publicity work is chugging along. Susan Bowman reported that she attended the Boulder meeting. Jane Schacht was there, but had no updates on Colorado Weaver's Day. They are still looking for people to teach mini workshops.

Having no new business, the meeting was adjourned at 9:10 am

Meeting Minutes for PPWG Business meeting Nov 13, 2009

The meeting was called to order at 9:35 am by Susan Bowman.

Kudos were given. Weldon Walker and Ellen Alderson announced today's program with Robin Wilton, Educating the Public. Robin will also lead a mini workshop this afternoon on Inkle Weaving. Next month's program will be on multi-thread warping. A spool rack is needed. Deb Lane and Doreen McLaughlin will bring warping wheels for use in the program. WW and Ellen reminded members of the December stash sale coming up and asked members to bring items to donate with a price and hopefully a label on content and size. Also December is the Pot Luck. Bring any kind of food to share and your own eating utensils and dishes. Ellen reported that we are receiving donations for the "Media Sale". The May Book sale is not just for books. If members have anything interesting in other media or even unrelated to weaving, please donate. *(continued on next page)*

Guild Business by Deb Greer

The sale will benefit the Scholarship and Demonstration funds. Donation Receipts will be provided if requested by the donor. Deb Greer announced the Rock Ledge Wool sale to be held during the break. Peggy Doney brought a table full of wool from previous years that she has had stored, along with a scale for weighing and other helpful items. She showed the members a bag of beautifully prepared rolags from the demo stash to show the high quality of this merino. Deb and Peggy asked the members if they would donate a small sample of what they make of the Demo stash for use as an exhibit in the next Rock Ledge Demo. Emily Jones gave the treasurer's report. Inflows: Membership \$225, Contributions: \$25, Newsletter: \$12, Workshops: \$285. Outflows: Programs: \$270, Business expenses: \$37.58, Workshops: \$162.12, Membership: \$35.71, Directory: \$101. Dedicated Monies: Library, \$27.49, Demonstrations: \$170.42, Gift for awards: \$500 Total: \$697.91. Closing Balance: 10/31/09: \$10,687.80. PPWG Fund for Excellence in Fiber Arts 10/31/09: \$5,143.69, Memorial Investment: Vanguard Prim/Money Market Fund 10/30/09 \$4,339.16. Linda Shaffer introduced two new members and a guest. She also reminded the members of the no food or drink policy in the Program classroom. She asked members to help clean up between the meeting and the program to help us all get out of the building earlier.

Jane Rock Costanza reported she will change the password for the online newsletter to something easier. Announcements and articles need to be in to Doreen McLaughlin by the 20th of the month. Samples procedures are evolving. Sample providers please provide a Word or .txt file with a brief description of the sample, along with a digital photo. Weaving samples also provide a draft. The photo of the sample can be "on the loom". Heidi Bates sent a report that the Celia Quinn workshop will be \$205 which includes a \$30 materials fee if all the spaces are filled. 5 are remaining. Debra Scott reported that the library has Inkle Weaving books to check out. It was asked if she has received any donations of the Interweave magazines issues to fill the gaps in the library's collection. None have been received to date. The issues needed will be put in the newsletter next month. Marissa McMillen sent a report that the directories are available for pickup. Doreen asked members to let Marissa know when they have email or other contact info changes so she can update the directory. Barb Byerly said that the Pioneer Museum group puts on a nice luncheon and provides doughnuts, they take good care of the demonstrators. She passed a sign up sheet around for volunteers for the demo. Maria Robinson and Pam James asked for people to sign up for hospitality. Old Business: Susan Bowman reported that she is still looking for more detail on Colorado Weaver's Day. No new Business was discussed. Announcements were made, and the meeting was adjourned for Show and Tell at 10:19 am

President's Notes by Susan Bowman

Autumn came and went all too fast. The silver lining in the snow-filled cloud is that winter brings more time indoors which means more time to weave, spin, and dye. My current challenge is to come up with innovative ways to weave up the small bits of linen in my studio that are leftover from many different projects. But one can't weave all the time, so if you are looking for inspiration and a reason to get out of your studio, there's no shortage of fiber exhibits.

Betsy Blumenthal's **Woven Landscapes** exhibit is on display through November 28 at NCAR Mesa Laboratory Gallery II, 1850 Table Mesa Drive. **Dreams, Schemes and Stories**, an exhibit of Navajo weaving will be on display until February 4 at the CU Museum of Natural History. The Denver Art Museum is exhibiting amazing pieces from the **Lutz Bamboo Collection**.

Please join us in December for a program on warping methods and the wildly popular **Stash Sale and Potluck Luncheon**. It's a great chance to get together with other like-minded fiber people and pick up both warping tips and a bargain along the way.

See you in December!

Sample Schedule for 2009-2010

We need volunteers for weaving, dyeing, and spinning samples for the newsletter. Hopefully we will always have a weaving, spinning, and dyeing sample for each newsletter. As you can see there are still some holes left in the sign up sheet. If we don't have volunteers, then we won't have samples that month. If you would like to volunteer, please let Robin Wilton know.

For weaving, we need two (2) samples (6" x 6" minimum, 8" x 10.5" maximum). For spinning we need two (2) samples which need to be butterflies approximately 4 yards long. The two (2) dyeing samples may be on fiber or handwoven cloth. So the size of the sample will depend on the media.

Doreen McLaughlin needs digital photos of the sample for the newsletter. Please save the photos in .jpg format and e-mail them to Doreen. If you do not want to take the digital photos yourself, she will take the photos. Please contact her to make arrangements for the photos.

Your weaving, spinning, and dyeing descriptions need to be given, mailed, or emailed to the newsletter editor, Doreen McLaughlin (editor@pikespeakweavers.org). Robin will print the descriptions from the newsletter for the sample notebooks in the library. If you have other information for the sample notebooks, please give it to Robin at a meeting.
